Y Bryn ONSHORE WIND FARM

Indicative image of turbines in forestry, not to scale

WELCOME
CROESO

Welcome to the second phase of consultation on the proposed Y Bryn onshore wind farm.

We are still refining our plans and developing our proposals in more detail, however we have made some progress since our last consultation in Summer 2021.

These exhibition boards and accompanying materials explain how we are refining the plans, which have been influenced by ongoing survey and assessment work, as well as feedback to our first consultation.

The proposals displayed on these boards are not the final scheme – we still have some work to do before we settle on a scheme to submit to Planning and Environment Decisions Wales.

Croeso i ail gam yr ymgynghoriad ar fferm wynt arfaethedig ar y tir Y Bryn.

Rydym yn dal i fireinio ein cynlluniau ac yn datblygu ein cynigion yn fanylach, ond rydym wedi gwneud rhywfaint o gynnydd ers ein hymgynghoriad diwethaf yn Haf 2021.

Mae'r byrddau arddangos hyn a'r deunyddiau cysylltiedig yn egluro sut rydym yn mireinio'r cynlluniau, y mae gwaith arolygu ac asesu parhaus wedi dylanwadu arnynt, yn ogystal ag adborth i'n hymgynghoriad cyntaf.

Nid y cynigion sy'n cael eu harddangos ar y byrddau hyn yw'r cynllun terfynol - mae gennym ni dipyn o waith i'w wneud o hyd cyn i ni benderfynu ar gynllun i'w gyflwyno i Penderfyniadau Cynllunio ac Amgylchedd Cymru

Feedback from the Phase 1 Consultation

The current proposals are a result of feedback received from the local community and technical consultees to date.

We are grateful for the significant level of response and information received and have done our utmost to address this feedback in the current proposals.

Key issues raised in relation to the early proposals included:

- Visual impacts
- Turbine noise
- Traffic and construction
- Amenity uses (such as walking, mountain biking and horse-riding)
- Forestry Impacts
- Wildlife

The above points, and others, have all been assessed by the project team. Further information about how we are addressing any issues raised can be found summarised at this exhibition.

Adborth o'r Ymgynghoriad Cam 1

Mae'r cynigion cyfredol yn ganlyniad adborth a gafwyd gan y gymuned leol ac ymgyngoreion technegol hyd yn hyn.

Rydym yn ddiolchgar am y lefel sylweddol o ymateb a gwybodaeth a dderbyniwyd ac rydym wedi gwneud ein gorau glas i fynd i'r afael â'r adborth hwn yn y cynigion cyfredol.

Ymhlith y materion allweddol a godwyd mewn perthynas â'r cynigion cynnar roedd:

- Effeithiau gweledol
- Sŵn tyrbinau
- Traffig ac adeiladu
- Defnyddiau amwynder (fel cerdded, beicio mynydd a marchogaeth)
- Bywyd Gwyllt
- Effeithiau coedwigaeth

Mae'r pwyntiau uchod, ac eraill, i gyd wedi'u hasesu gan dîm y prosiect. Gellir gweld crynodeb pellach o wybodaeth am sut rydym yn mynd i'r afael ag unrhyw faterion a godwyd yn yr arddangosfa hon.

Consultation Phase 1 (Summer 2021)

Introduction phase of consultation, to discuss the principle of the project. Feedback from this phase has helped refine the proposals shown at Phase 2.

Cam Ymgynghori 1 (Haf 2021)

Cam rhagarweiniol yr ymgynghoriad, i drafod egwyddor y prosiect. Mae adborth o'r cam hwn wedi helpu i fireinio'r cynigion a ddangosir yng Ngham 2.

Consultation Phase 2 (Autumn 2021)

We are here. Currently consulting on the latest iteration of the proposals, seeking further feedback to help refine the plans.

Cam Ymgynghori 2 (Hydref 2021)

Ar hyn o bryd yn ymgynghori ar fersiwn diweddaraf y cynigion, gan geisio adborth pellach i helpu i fireinio'r cynlluniau.

Consultation Phase 3 (Spring 2022)

At this final stage of the consultation phase, we will make the full draft planning application available for review, and will invite comment on these draft documents at that point.

Ymgynghori Statudol (Gwanwyn 2022)

Yn ystod y cam ymgynghori olaf hwn, byddwn yn sicrhau bod y cais cynllunio drafft llawn ar gael i'w adolygu, a byddwyn yn gwahodd sylwadau ar y dogfennau drafft hyn ar y pwynt hwnnw.
