

Y Bryn Wind Farm

Neath Port Talbot & Bridgend, South Wales

**Environmental Statement,
Volume 1 of 4:
Written Statement**

June 2023

Y Bryn

ONSHORE WINDFARM

Energy for
generations

Prepared by Natural Power on
behalf of Y Bryn Wind Farm Limited

Volume 1 Written Statement

All chapters are saved as separate documents so there is duplication of page numbers within this Table of Contents.

CONTENTS PAGE

Chapter 1: Introduction

1.1	INTRODUCTION	3
1.2	STRUCTURE OF THE ES	3
1.3	KEY PROJECT FACTS	4
1.4	EIA PROJECT TEAM	4
1.5	COMMENTING ON THE ENVIRONMENTAL STATEMENT	11

Chapter 2: Legal and Policy Context

2.1	INTRODUCTION	3
2.2	CLIMATE CHANGE AND ENERGY	3
	International	3
	UK	4
	Wales	5
	Local	7
	Neath Port Talbot	7
	Bridgend	7
	Cardiff Capital Region (incorporates Bridgend)	7
	South West Wales Region (incorporates Neath Port Talbot)	7
2.3	PLANNING FRAMEWORK	7
	UK	7
	Wales	8
	Future Wales – the National Plan 2040	8
	Planning Policy Wales 11	9
	Local	9
	Neath Port Talbot County Borough Council Local Development Plan (2011 – 2026)	9
	Bridgend County Borough Council Local Development Plan 2006 – 2021	10
2.4	CONTRIBUTION OF Y BRYN WIND FARM PROPOSAL TO RELEVANT POLICY DRIVERS	10
2.5	SUMMARY	10

Chapter 3: Approach to EIA

3.1	INTRODUCTION	3
-----	--------------	---

3.2	EIA METHODOLOGY	3
	Approach to the EIA	3
	What the EIA has Assessed	3
	Gathering Baseline Information	3
	Prediction and Evaluation of Impacts and Effects	3
	Cumulative	4
	Mitigation, Enhancement and Monitoring of Environmental Effects	4

Chapter 4: Site Selection and Design Evolution

4.1	INTRODUCTION	4
4.2	THE SITE SELECTION PROCESS	4
	Site History	4
	2018 Tender Process	4
	Post Tender	4
4.3	DESIGN CONSTRAINTS	4
	Policy Context	4
	Wind Resource	4
	Grid Connection	5
	Access	5
	Land Use	5
	Proximity of Dwellings	5
	Seascape, Landscape and Visual	6
	Ecology & Ornithology	6
	Hydrology, Geology & Hydrogeology	6
	Cultural Heritage	7
	Forestry	7
	Existing Infrastructure and Aviation	7
4.4	PUBLIC CONSULTATION	7
4.5	DESIGN EVOLUTION	8
	Design 1: Tender Layout (December 2018)	8
	AIL Access Alternatives	8
	Evolution of the Market for Wind Turbines	8
	Design 2: Scoping (January 2021)	9
	Scoping Responses (March 2021)	9
	Design Review Day #1 (March 2021)	9
	Mini Design Review Day (May 2021)	10
	Public Consultation (June 2021)	10
	Design 3: Post-Consultation (July 2021)	10
	Design Review Day #2 (August 2021)	10
	Design 4: Post-Surveys (October 2021)	10
	Public Consultation (November 2021)	11
	Design 5: Design Chill (April 2022)	11
	Design 6: Design Freeze (January 2023)	11
	Summary of design evolution	12

4.6	ENVIRONMENTAL BENEFITS	12
4.7	SUMMARY	12
Chapter 5: Project Description		
5.1	INTRODUCTION	3
5.2	SITE LOCATION	3
5.3	SITE LAYOUT	3
5.4	PUBLIC AND PRIVATE ROAD ACCESS	4
	Abnormal Indivisible Loads (AIL)	4
	General Construction Traffic	4
	Access Point 1 – Purpose Built Diverge Slip Road from M4 for ALL Deliveries	4
	Access Point 2 – B4282	4
	Access Point 3 – Goytre Road	4
5.5	FELLING	4
5.6	CONSTRUCTION PHASE	4
	Construction Method Statement (CMS) and Construction Environmental Management Plan (CEMP)	4
	Construction Timetable	6
	Typical Equipment Used on Site	7
5.7	SPECIFICATION OF TURBINES AND WIND MONITORING EQUIPMENT	8
	Description	8
	Erection of Turbines	8
	Operation	8
	Environmental Considerations	8
5.8	TURBINE FOUNDATIONS	8
	Construction	8
	Environmental Considerations	8
5.9	PERMANENT CRANE HARDSTANDINGS	9
	Description	9
	Construction	9
	Environmental Considerations	9
5.10	SITE TRACKS AND BORROW PITS	9
	Description	9
	Construction	9
	Environmental Considerations	9
5.11	ON-SITE CABLING, SUBSTATION AND CONTROL BUILDING	10
	Description	10
	Grid Connection	10
	Battery Storage	10
	Construction	10
	Environmental Considerations	10
5.12	TEMPORARY CONSTRUCTION COMPOUND AND FACILITIES	11
	Description	11
	Construction Compounds	11
	Concrete Batch Plant	11

	Environmental Considerations	11
5.13	SIGNAGE	12
5.14	EMPLOYMENT DURING CONSTRUCTION	12
	Site Representatives and Support Staff	12
5.15	SITE REINSTATEMENT	12
	Access Tracks	12
	Cable Trenches	12
	Turbine Foundations	12
	Crane Hardstandings	12
	Construction Compounds	12
5.16	OPERATIONAL PHASE	13
	Maintenance Programme	13
	Storage and Use of Polluting Substances	13
	Employment during the Operational Phase	13
5.17	DECOMMISSIONING	13
5.18	WASTE MANAGEMENT	13
5.19	HEALTH AND SAFETY	14
	Health and Safety of Construction Workers	14
	Safety of the Public	15
	Operational Phase	15
5.20	CONCLUSION	15
Chapter 6: Ecology		
6.1	INTRODUCTION	3
	Summary of Chapter	3
	Contents of Chapter	4
6.2	LEGISLATION, POLICY AND GUIDANCE	4
	Legislation	4
	Policy	5
	Guidance	5
6.3	CONSULTATION	6
6.4	METHOD OF ASSESSMENT	7
	Data Collection	7
	Desk Study	7
	Field Surveys	8
	Survey Limitations	12
	Bat Activity Surveys: Weather	12
	Bat Activity Surveys: Equipment	12
	Bat Activity Surveys: Ecobat	12
	Survey Coverage	12
	Other Ecological Features for Which Surveys Were Not Undertaken	12
	Approach to Impact Assessment	13
	Determining Important Ecological Features (IEFs)	13

Valuing Bats	13	Policy	5
Characterising Potential Impacts on Ecological Features	14	Guidance	5
Determining Significance of Ecological Effects	14	7.3 DATA COLLECTION	6
Trends and Predicted Future Baseline	14	Desk Study	6
Climate Change	15	Statutory, National and Locally Designated Sites of Nature Conservation	6
6.5 BASELINE RESULTS	15	Ornithological Survey Programme	7
Desk Study	15	Vantage Point Surveys (Flight Activity Survey)	7
Statutory, National and Locally Designated Sites of Nature Conservation	15	Walkover Breeding Bird Survey	7
Habitats	17	Breeding Raptor Surveys	7
Species	17	Honey Buzzard Surveys	8
Field Surveys	18	Nightjar Surveys	8
Habitats	18	Collision Risk Modelling	8
Species – Bats	21	Survey Limitations	8
Bat Activity Surveys: Static Detectors	21	7.4 APPROACH TO IMPACT ASSESSMENT	9
6.6 ASSESSMENT OF POTENTIAL EFFECTS	28	Key Issues	9
Predicted Impacts	28	Target Species	9
Embedded Mitigation	28	Evaluating Ornithological Features	9
Mitigation By Design	28	Characterising Potential Impacts on Ornithological Features	10
Construction Phase	29	Determining Significance of Potential Ornithological Effects	11
Operation	30	Trends and Predicted Future Baseline	11
Decommissioning	30	Climate Change	11
Feature Assessment	30	7.5 CONSULTATION	12
Impact Assessment	39	7.6 BASELINE RESULTS	13
Bats	39	Desk Study	13
Margam Park SINC	42	Statutory, National and Locally Designated Sites of Nature Conservation	13
6.7 FURTHER MITIGATION AND RESIDUAL EFFECTS	43	Baseline Surveys	14
Summary of Residual Effects Following Mitigation	43	VP Surveys	14
Habitat Management Plan	43	Breeding Bird Surveys: Wind Farm Areas	15
6.8 SUMMARY OF EFFECTS	43	Breeding Raptor Surveys	17
6.9 ECOSYSTEM RESILIENCE	45	Honey Buzzard Surveys	17
6.10 BIODIVERSITY NET BENEFIT	45	Nightjar Surveys	17
6.11 CUMULATIVE EFFECTS	45	Collision Risk Modelling	18
6.12 STATEMENT OF SIGNIFICANCE	50	7.7 ASSESSMENT OF POTENTIAL EFFECTS	18
Chapter 7: Ornithology		Potential Effects During Construction	19
7.1 INTRODUCTION	4	Habitat Loss	19
Summary of Chapter	4	Disturbance and Displacement	19
Contents of Chapter	4	Potential Effects During Operation	19
7.2 LEGISLATION, POLICY AND GUIDANCE	4	Disturbance and Displacement	19
Legislation	4	Collision With Turbines	19
		Potential Effects During Decommissioning	20
		Embedded Mitigation	20

Construction Phase	20	LCA 08 Goytre Valley	12
Operational Phase	20	LCA 09 Cefn Cethin	13
Decommissioning	20	LCA 10 Mynydd Bycham	13
Feature Assessment	21	LCA 12 Mynydd Penhydd.	14
Nightjar	26	LCA 13 Foel Trawsnant	14
Herring Gull	27	LCA 17 Foel Fynyddau	14
Lesser black-backed Gull	28	LCA 39 Cwmafan	15
Goshawk	28	LCA 42: Llangynwyd Rolling Uplands and Forestry	15
Passerines of Conservation Concern	29	LCA 43: Llynfi Valley Floor and Lower Slopes	16
7.8 FURTHER MITIGATION AND RESIDUAL EFFECTS	30	LCA 44: Llynfi and Garw Uplands and Forestry	16
Mitigation for Nightjar	30	LCA 45: Bettws Settled Farmland	16
Habitat Management Plan	30	LCA 57: Maesteg	17
7.9 SUMMARY OF EFFECTS	31	Cumulative Effects on Landscape Character Areas	17
7.10 CUMULATIVE EFFECTS	33	Assessment of Cumulative Effects (in addition with consented wind farms)	17
7.11 STATEMENT OF SIGNIFICANCE	35	Assessment of Cumulative Effects (in addition with scoping stage wind farms)	18
7.12 SCREENING FOR APPROPRIATE ASSESSMENT	35	Assessment of Cumulative Effects (in combination with all cumulative wind farms)	18
Chapter 8: Seascape, Landscape and Visual Impact Assessment		Potential Effects on Visual Amenity	20
8.1 INTRODUCTION	4	Viewpoint 1: Evans Terrace, Caerau	20
8.2 LEGISLATION AND POLICY CONTEXT	5	Viewpoint 2: Maesteg Golf Course	22
8.3 INFORMATION SOURCES AND ASSESSMENT METHODOLOGY	6	Viewpoint 3: Bryn (Play area off Neath Road)	24
Information Sources	6	Viewpoint 4: Brynna Road, Cwmafan	24
Assessment Methodology	6	Viewpoint 8: Margam Park (Deer Park)	26
8.4 CONSULTATION	6	Viewpoint 10: St. Illtyd's Walk National Trail, near Cynonville	27
8.5 BASELINE CONDITIONS	6	Viewpoint 11: Wales Coast Path, Ogmore-by-Sea	27
Study Area and Context	6	Viewpoint 13: Junction of Heol Gelli Lenor and Brynlywarch, Maesteg	28
Circulation, Movement and Access	8	Viewpoint 17: Margam Park	30
Landscape Designations	9	Viewpoint 19: Wales Coast Path, Rest Bay / Royal Porthcawl Golf Club, Porthcawl	31
8.6 BASELINE CHARACTER ASSESSMENT	9	Viewpoint 20: Pen Parcau, Bettws	31
Seascape Landscape Character Areas	9	Viewpoint 23: Margam Park (Access Road)	32
8.7 POTENTIAL EFFECTS	10	Viewpoint 24: Wales Coast Path, Kenfig Burrows	33
Potential Effects - Construction Stage	10	Viewpoint 25: Bryn East, picnic area opposite Royal Oak Public House	34
Potential Effects - Operational Stage	10	Viewpoint 26: Ogwr Ridgeway Walk near Y Bwlwarcau Hillfort	35
Potential Effects on Seascape Character	10	Viewpoint 27: Cemetery Eastern Edge of Maesteg	37
Potential Effects on Landscape Character	10	Viewpoint 28: Llangynwyd	37
LCA 03 Margam Country Park	11	Viewpoint 36: Mouth of the River Neath	38
LCA 04 Coedhirwaun	11	Potential Effects on Statutory and Non-Statutory Designations	40
LCA 06 Mynydd Brombil, Mynydd Emroch and Mynydd Dinas	12		
LCA 07 Mynydd Margam	12		

Statutory Designations	40	Scheduled Monuments	15
Registered Historic Parks and Gardens	40	Listed Buildings	16
Non-Statutory Designations	40	Conservation Areas	17
Special Landscape Areas (SLA's)	40	Registered Parks and Gardens	17
Country Parks	43	Registered Historic Landscapes	17
Landscapes of Special Historic Interest in Wales (LOSHIW)	43	Undesignated Historic Assets	17
Potential Effects on Circulation, Movement and Access	44	Future Baseline	17
National Trails/Long Distance Footpaths	44	Information Gaps	17
8.8 CUMULATIVE ASSESSMENT – NON-WIND FARM DEVELOPMENTS	45	9.5 IMPACT ASSESSMENT	17
8.9 CONCLUSIONS	47	Construction Impacts	17
 		Mynydd Margam Registered Landscape	17
Chapter 9: Cultural Heritage		Heol y Moch (The Pigs Way) (GGAT01077.0w)	18
9.1 INTRODUCTION	7	Post Medieval Trackway (07293w)	18
9.2 POLICY AND GUIDANCE	7	Penhydd Trackway (01078.0w)	18
Legislation	7	Area of Tip Scree (HA22)	18
Planning Policy	7	Boundary Stones	18
Guidance	9	Dry Stone Wall (05328w)	18
9.3 METHODOLOGY	9	House Platform (GGAT01993w)	18
The Assessment Process	9	Potential Assets	19
Consultation	9	Currently Unknown Assets	19
Study Areas	11	Operational Impacts	19
Data Sources	11	Group of Assets forming Margam Park	20
Definition of Baseline Conditions	11	Mynydd Margam Registered Landscape	22
Known Historic Assets Within the Inner Study Area	11	Merthyr Mawr, Kenfig and Margam Burrows Registered Landscape	22
Potential for Unknown Historic Assets within the Inner Study Area	11	Cefn yr Argoed Camp (SM GM245) and Nant Herbert Camp (SM GM244), Scheduled Monuments	22
Historic Assets in the Outer Study Area	12	Y Bwlwarcu hill fort (SM GM059), Scheduled Monument	23
Identification of Potential Impacts	12	Roman Camp (SM GM058), Scheduled Monument	23
Mitigation and Enhancement Measures and Identification of Residual Effects	12	Danish Camp (SM GM056), Scheduled Monument	24
Impact Assessment Criteria	12	Camp north of Tonmawr (SM GM057), Scheduled Monument	24
ASIDOHL2	14	Ergyd Isaf Round Barrows (SM GM160), Scheduled Monument	24
9.4 BASELINE CONDITIONS	14	Ergyd Uchaf prehistoric Round Barrow (SM GM159), Twmpath Diwlith barrow (SM GM557); and the site of the Bodvoc Stone (SM GM443), Scheduled Monuments	25
Archaeological and Historical Overview of the Inner Study Area	14	Cae'r Mynydd Ventilation Furnace and Mine (SM GM547), Scheduled Monument	25
Previous Investigations	14	Maesteg Blast Furnaces (SM GM418, LB 18492), Scheduled Monument and Grade II Listed Building) and Maesteg Sports Centre, The Cornstores (LB 11257), Grade II* Listed Building	25
Geology and Geomorphology	14	Church of St James, Pyle with Kenfig (LB 11227), Grade I Listed Building	25
Archaeological and Historical Background	15	Church of St Mary Magdalene, Pyle with Kenfig (LB11248), Grade II* Listed Building	26
Known Historic Assets Within the Wind Farm Site Boundary	15		
Potential for Undiscovered Historic Assets within the Site	15		
Historic Assets in the Outer Study Area Considered for Operational Phase Effects	15		
World Heritage Sites	15		

Church of St David (LB 11246), Grade I Listed Building	26	Post Medieval House Platform (GGAT01993w)	36
Church of St David, Bettws (LB 18626), Grade I Listed Building	26	Boundary Stones	36
Bethania Capel y Bedyddwyr Neillduol (LB 18493), Grade II* Listed Building	27	WW2 Plane Crash Sites	36
Llangynwyd Castle (SM GM085), Scheduled Monument	27	Decommissioning Impacts	36
Llwydarth farmhouse (LB 11256), Grade II* Listed Building	27	9.6 RESIDUAL EFFECTS	36
Chain Home Low Radar Station (SM GM488), Scheduled Monument	28	Summary of Residual Effects	36
Bont Fawr Aqueduct / Viaduct (SM GM393, LB 22890 and 23022), Scheduled Monument and Grade II* Listed Building	28	Construction Phase	36
Llangynwyd Conservation Area	28	Operational Phase	37
Church of St Cynwyd (LB 11243), Grade II* Listed Building	29	Benefits of the Proposed Development	39
Tythegston Court (LB 11216 and GM15), Grade II* Listed Building And Grade II Registered Park & Garden	29	9.7 CUMULATIVE EFFECTS	39
Bryngarw Park (GM5), Grade II Registered Park & Garden	30	Operational Wind Farms	40
Port Talbot: Talbot Memorial Park (GM45), Grade II Registered Park & Garden	30	Consented Wind Farms	40
Pontrhydyfen Viaduct (LB 23024) Grade II Listed Building	30	Submitted Wind Farms	40
Pentre Farmhouse With Attached Farm Range (LB 11373), Grade II Listed Building	31	Potential Wind Farms	40
Gilfach-ganol farmhouse (LB 11375), Grade II Listed Building	31	Construction Phase Cumulative Effects	40
Church of St Michael and All Angels, Llangynwyd with Maesteg, including enclosing graveyard wall (LB 18500), Grade II Listed Building	31	Scenario 1: Impact of proposed development with baseline including the operational and consented wind farms	40
Zoar Chapel (LB 18501), Grade II Listed Building	31	Scenario 2: Impact of proposed development with baseline including the operational, consented and submitted wind farms	41
Church of St David, and surrounding churchyard railed wall (LB 18502), Grade II Listed Building	32	Operational Phase Cumulative Effects	41
Jerusalem Baptist Chapel in Bryn village (LB 22166), Grade II Listed Building	32	Scenario 1: Impact of proposed development with baseline including the operational and consented wind farms	42
Church of St Mary (LB 22802), Grade II Listed Building	33	Hen Eglwys Scheduled Monument and Grade I Listed Building	42
Church of St Joseph (LB 22803), Grade II Listed Building	33	Mynydd y Castell Scheduled Monument	42
Jerusalem Chapel in Pontrhydyfen (LB 22889), Grade II Listed Building	33	Margam Castle Grade I Listed Building	42
Penuel Chapel (LB 23020), Grade II Listed building	34	Margam Park Grade I Registered Park and Garden	43
Holy Cross Church (LB 23248), Grade II Listed Building	34	Mynydd Margam Registered Landscape	43
Bethany chapel (LB 23252), Grade II Listed Building	34	Merthyr Mawr, Kenfig and Margam Burrows Registered Landscape	43
Soar Maes-yr-haf Congregational Chapel and forecourt railings (LB 11801), Grade II Listed Building	35	Cefn yr Argoed Camp (SM GM245) and Nant Herbert Camp (SM GM244), Scheduled Monuments	44
Tabernacle Chapel (LB 23019), Grade II Listed Building	35	Y Bwlwarcu Scheduled Monument	44
Capel Saron (LB 18496), Grade II Listed Building	35	Roman Camp, Scheduled Monument	44
Mitigation	35	Danish Camp, Scheduled Monument	44
Heol y Moch (The Pigs Way) (GGAT01077.0w)	36	Camp N of Tonmawr, Scheduled Monument	44
Post Medieval Trackway (07293w)	36	Ergyd Isaf Round Barrows Scheduled Monument	44
Medieval Trackway (01078.0w)	36	Ergyd Uchaf prehistoric Round Barrow, Twmpath Diwlith barrow, and the site of the Bodvoc Stone, Scheduled Monuments	45
Area of Tip Scree (HA22)	36	Cae'r Mynydd Ventilation Furnace and Mine, Scheduled Monument	45
Area of Dry Stone Walling (05328w)	36		

Maesteg Blast Furnaces, Scheduled Monument and Grade II Listed Building and Maesteg Sports Centre, The Cornstores, Grade II* Listed Building	45	Margam Castle Grade I Listed Building	49
Church of St James, Pyle with Kenfig, Grade I Listed Building	45	Margam Park Grade I Registered Park and Garden	49
Church of St Mary Magdalene, Pyle with Kenfig, Grade I Listed Building	45	Mynydd Margam Registered Landscape	49
Church of St David Grade I Listed Building	45	Merthyr Mawr, Kenfig and Margam Burrows Registered Landscape	49
Church of St David, Bettws, Grade I Listed Building	45	Cefn yr Argoed Camp (SM GM245) and Nant Herbert Camp (SM GM244), Scheduled Monuments	49
Bethania Capel y Bedyddwyr Neillduol, Grade II* Listed Building	45	Y Bwlwarcau Scheduled Monument	49
Llangynwyd Castle, Scheduled Monument	45	Roman Camp, Scheduled Monument	49
Llwydarth Farmhouse	46	Danish Camp, Scheduled Monument	49
Chain Home Low Radar Station, Scheduled Monument	46	Camp N of Tonmawr, Scheduled Monument	49
Bont Fawr Aqueduct / Viaduct, Scheduled Monument and Grade II* Listed Building	46	Ergyd Isaf Round Barrows Scheduled Monument	49
Llangynwyd Conservation Area	46	Ergyd Uchaf prehistoric Round Barrow, Twmpath Diwlith barrow, and the site of the Bodvoc Stone, Scheduled Monuments	49
Church of St Cynwyd Grade II* Listed Building	46	Cae'r Mynydd Ventilation Furnace and Mine, Scheduled Monument	49
Tythegston Court, Grade II Registered Park and Garden and Grade II* Listed Building	46	Maesteg Blast Furnaces, Scheduled Monument and Grade II Listed Building and Maesteg Sports Centre, The Cornstores, Grade II* Listed Building	50
Bryngarw Park, Grade II Registered Park and Garden	47	Church of St James, Pyle with Kenfig	50
Port Talbot Memorial Park, Grade II Registered Park and Garden	47	Church of St Mary Magdalene, Pyle with Kenfig	50
Pontrhydyfen Viaduct, Grade II Listed Building	47	Church of St David Grade II Listed Building	50
Pentre Farmhouse, Grade II Listed Building	47	Church of St David, Bettws	50
Gilfach-ganol Farmhouse, Grade II Listed Building	47	Bethania Capel y Bedyddwyr Neillduol, Grade II* Listed Building	50
Church of St Michael and All Angels, Grade II Listed Building	47	Llangynwyd Castle, Scheduled Monument	50
Zoar Chapel Grade II Listed Building	47	Llwydarth Farmhouse	50
Church of St David, and surrounding churchyard railed wall	47	Chain Home Low Radar Station, Scheduled Monument	50
Jerusalem Baptist Chapel, Bryn, Grade II Listed Building	47	Bont Fawr Aqueduct / Viaduct, Scheduled Monument and Grade II* Listed Building	50
Church of St Mary Grade II Listed Building	47	Llangynwyd Conservation Area	50
Church of St Joseph, Grade II Listed Building	48	Church of St Cynwyd Grade II* Listed Building	50
Jerusalem Chapel, Pontrhydyfen, Grade II Listed Building	48	Tythegston Court, Grade II Registered Park and Garden and Grade II* Listed Building	51
Penuel Chapel, Grade II Listed Building	48	Bryngarw Park, Grade II Registered Park and Garden	51
Holy Cross Church Grade II Listed Building	48	Port Talbot: Talbot Memorial Park, Grade II Registered Park and Garden	51
Bethany Chapel, Grade II Listed Building	48	Pontrhydyfen Viaduct, Grade II Listed Building	51
Soar Maes-yr-haf Congregational Chapel and forecourt railings, Grade II listed building	48	Pentre Farmhouse, Grade II Listed Building	51
Tabernacle Chapel, Grade II Listed Building	48	Gilfach-ganol Farmhouse, Grade II Listed Building	51
Capel Saron, Grade II Listed Building	48	Church of St Michael and All Angels, Grade II Listed Building	51
Scenario 2: Impact of proposed development with baseline including the operational, consented and submitted wind farms	48	Zoar Chapel Grade II Listed Building	51
Hen Eglwys Scheduled Monument and Grade I Listed Building	48	Church of St David, and surrounding churchyard railed wall, Grade II Listed Building	51
Mynydd y Castell Scheduled Monument	48	Jerusalem Baptist Chapel, Bryn, Grade II Listed Building	51

Church of St Mary Grade II Listed Building	51	Flooding from Artificial Drainage	15
Church of St Joseph, Grade II Listed Building	51	Flooding Down Catchment	15
Jerusalem Chapel, Pontrhydyfen, Grade II Listed Building	51	Water Quality	15
Penuel Chapel, Grade II Listed Building	51	WFD Classification	15
Holy Cross Church Grade II Listed Building	52	Effects of Peat on Water Quality	15
Bethany Chapel, Grade II Listed Building	52	Effects of Forestry on Water Quality	15
Soar Maes-yr-haf Congregational Chapel and forecourt railings, Grade II listed building	52	Effects of Coal Mining on Water Quality	15
Tabernacle Chapel, Grade II Listed Building.	52	Geology	16
Capel Saron	52	Coal Mining Assessment	16
Non-wind cumulative effects	52	Hydrogeology	16
Summary of cumulative effects	52	Groundwater Dependent Terrestrial Ecosystems	16
9.8 CONCLUSIONS	54	Water Resources	17
		Public Resources	17
		Private Water Supplies	17
		Soils and Peat	20
		Peat Survey Results	20
		Modifying Influences	23
Chapter 10: Hydrology, Geology and Hydrogeology		10.6 RECEPTOR SENSITIVITY	23
10.1 INTRODUCTION	5	10.7 MITIGATION METHODS	24
Site Area	5	Mitigation by Design	24
10.2 LEGISLATION, POLICY AND NATIONAL GUIDANCE	5	Standard Good Practice Mitigation	25
International Legislation and Policy	5	Outline Construction and Environment Management Plan	25
National Legislation and Regulations	5	Runoff and Sediment Management	26
Policy and Guidance	5	Pumping and Dewatering of Excavations	26
10.3 METHOD OF ASSESSMENT	6	Storage of Fuels/Chemicals and Bund Arrangements	26
Effects to be Assessed	6	Refuelling	27
Methodology	6	Vehicle Maintenance and Management	27
Overview	6	Concrete Works	27
Baseline Assessment	6	Site Drainage	27
10.4 CONSULTATION	7	Welfare Facilities/Foul Water	28
10.5 BASELINE	11	Emergency Water Management Measures	28
Field Survey Techniques	11	Soil Handling and Storage	29
Future Baseline	11	Excavation	29
Context	11	Temporary Storage of Excavated Material	29
Climate	11	Site Reinstatement	30
Designated Sites	12	Additional Mitigation	30
Surface Water Hydrology	12	10.8 PREDICTED CONSTRUCTION EFFECTS	30
Additional Drainage	14	Predicted Construction Effects	31
Hydrological Regime	14	Pollution Incidents	31
Flood Risk	14	Erosion and Sedimentation	31
Fluvial and Pluvial Flooding	14	Changes in Water Quality	31
Flooding from Reservoir Extents	14	Increases in Runoff	31
Tidal Flood Sources	14		
Groundwater Flood Sources	14		

Modification of Surface Drainage Patterns	31	11.5 BASELINE TRAFFIC CONDITIONS	7
Impediments to Surface Water Flow	31	Construction Traffic Routes	7
Modification of Groundwater Flows and Levels	31	Abnormal Indivisible Loads (AIL)	7
Assessment of Construction Effects	31	General Construction Traffic	7
10.9 PREDICTED OPERATION EFFECTS	33	Access Point 1 – Purpose Built Diverge Slip Road from M4 for AIL Deliveries	7
Predicted Operation Effects	33	Access Point 2 – B4282	7
Pollution Incidents	33	Access Point 3 – Goytre Road	7
Erosion and Sedimentation	33	Road Description	7
Changes in Water Quality	33	A4107 (Afan Valley Road)	7
Changes in Runoff Regime	33	B4282 (Maesteg Road)	7
Modification of Surface Drainage Patterns	33	A4063 From Tondy to Maesteg	7
Impediments to Surface Water Flow	33	Dyffryn Road / Goytre Road	8
Modification of Groundwater Flows and Levels	34	Baseline Traffic Data	8
Assessment of Predicted Operation Effects	34	11.6 INITIAL SCREENING ASSESSMENT	8
10.10 CUMULATIVE EFFECTS INCLUDING NON-WIND	35	Quantification of Development Activities	8
Predicted Cumulative Effects	35	Construction Traffic Generation	8
10.11 MONITORING	35	Distribution of Construction Traffic	14
10.12 DECOMMISSIONING	36	Screening	14
10.13 SUMMARY	36	Magnitude of Impact	15
		Magnitude of Turbine Foundation Concrete Pours	15
Chapter 11: Traffic and Transport		11.7 DETAILED ASSESSMENT OF EFFECTS	15
11.1 INTRODUCTION	3	Identification and Assessment of Receptor Sensitivity	15
11.2 LEGISLATION, POLICY AND GUIDANCE	3	Assessment of Construction Phase Effects	17
Legislation, Policy and Guidance Summary	3	Assessment of Turbine Foundation Concrete Pours Effect	18
11.3 CONSULTATION	3	Assessment of Abnormal Load Transportation	18
Scoping Direction	3	11.8 MITIGATION	19
South Wales Trunk Road Authority (SWTRA)	4	Impact Mitigation	19
Neath Port Talbot County Borough Council	4	Turbine Foundation Concrete Pours	19
Bridgend County Borough Council	4	11.9 CUMULATIVE EFFECTS INCLUDING NON-WIND	19
11.4 TRAFFIC AND TRANSPORT METHODOLOGY	4	11.10 CONCLUSIONS	19
Magnitude of Impact	4	11.11 MITIGATION AND RESIDUAL EFFECTS	20
Screening Test	4		
Receptor Identification	5	Chapter 12: Noise	
Embedded Mitigation	5	12.1 INTRODUCTION	3
Assessment of Sensitivity	5	12.2 PLANNING POLICY GUIDANCE	3
Assessment of Significance	6	Planning Policy Wales – Edition 11 (February 2021)	3
Impact Mitigation	6	BCBC Local Development Plan (LDP) 2006 – 2021	4
Uncertainties and Assumptions	6	NPTCBC LDP (2011 – 2026)	4
